

XM Radio provides an excellent service. I pay for this service, and appreciate the instant traffic and weather on an almost daily basis. It has superior quality to ANYTHING on the radio, and offers me unlimited choice and selection. I do not THINK the government should be dictating what I cannot tune to, or listen to in the privacy of my home and vehicle. I pay for this service, NOT YOU. I respectfully urge the FCC to reject the NAB's petition 04-160 and support XM Radio and it's ability to provide the kind of programming that I need, and pay for.
Thank you in advance!!
